Subject: To apply for the Google Internship advertised on twitter

Dear Sir/Madam,

I was motivated to contact you upon learning from twitter that Google has an opening for a new Software Engineer Intern. For several years now, I have focused my career path and academic pursuits on learning and developing those all-important skills necessary to be great in this type of role.

I possess software development and programming skills in languages such as Java, Python. Additionally, my abilities extend to collaboration and decision-making with proficiency in critical thinking. I can assure you that I will be a good investment and will help in the growth of your company. Here are some of my qualifications appropriate for this internship:

- Completed 2 years of BE in Computer Engineering from VESIT.
- Completed and won a 2-month internship from leading.AI.
- Familiar with basic machine learning.
- Fluent in problem-solving.

For further details of my qualifications, background, and contributions, please take a moment to review my enclosed resume. I thank you for considering my application and hope you will accept me in the intern position.

Sincerely,
Jay Jhaveri
